Powering Potential

Building the Next Chapter of Educational Innovation in Jacksonville

For more than 15 years, Jacksonville has worked together to improve outcomes for students through collaboration, innovation, and community investment.

In Spring 2027, the Jacksonville Public Education Fund (JPEF) will launch ONE by ONE 2.0: A Citywide Exhibition of Learning, an immersive community experience showcasing the progress our city has made since the original ONE by ONE campaign while highlighting the opportunities that lie ahead.

This exhibition will bring together students, educators, business leaders, policymakers, philanthropists, and community members to explore the future of learning in Jacksonville.

More than an event, ONE by ONE 2.0 is a public demonstration of what is possible when a community invests in its young people.

ABOUT THE EXHIBITION

ONE by ONE 2.0 will:

-  Reflect on Jacksonville's educational progress over the past 15 years
-  Showcase innovative teaching and learning taking place across Duval County Public Schools and community-based organizations
-  Feature powerful student voices
-  Highlight future-facing opportunities in education, workforce development, technology, and innovation
-  Engage cross-sector partners in shaping the future of student success
-  Launch the Education Innovation Fund, a new investment vehicle designed to support transformative educational initiatives

Leaving a lasting mark on future education of Duval County.

Sponsorship Opportunities

ONE×ONE
The Story We Are Still Writing
